## ***Appropriate Use Agreement and Permission Form For the Use of Computers, The Internet and Electronic Mail***

Technology provides students with unique and powerful ways to enhance their learning. Chinook's Edge School Division No. 73 supports the use of technology for the purpose of enhancing and supporting teaching and learning and is pleased to offer students access to computer networks for electronic mail and the Internet.

Access is a privilege, not a right therefore, the use of technology whether owned by the Division or devices supplied by the user entails personal responsibility. It is expected that users will comply with division standards, act in a responsible manner, and will honor the terms and conditions set by the school and classroom teacher and the division. Failure to comply with such terms and conditions may result in permanent or temporary loss of access by the division and the school as well as other disciplinary or legal action as necessary. Students will be held accountable for their actions and are encouraged to report any accidental use immediately to school administration.

It is the goal of the Chinook's Edge School Division to ensure that student interactions and the use of technology contribute positively to the learning environment both at school and in the community. Negative use of technology through Division owned devices inside or outside of our schools that degrades or defames members of our communities or the Division is unacceptable. Chinook's Edge School Division also recognizes that students have widespread access to both technology and the Internet, therefore use of personal devices and connectivity is considered to be included in this Appropriate Use Agreement.

Digital storage areas may or may not be located on property of the school division therefore users should not expect that files and communications are stored on division servers nor should users expect that files and communication are private. Network Administrators may review files and communications to maintain system integrity and to insure responsible use.

In order for a student to gain access to email and the Internet within our schools, Chinook's Edge School Division must obtain parental permission for a minor student under the age of 17 years. Students 18 years and older are also required to acknowledge and accept the Division's terms and conditions prior to obtaining access to technology within our schools. Under both circumstances this may be accomplished by completing an "*Appropriate Use Agreement Acknowledgement Form*". Should a parent prefer that a student not have email and Internet access, use of the computers is still possible for more traditional purposes such a word processing to assist in learning.
